

SALIF KANTE

+7 995 292-41-21 ◇ Tomsk, Russia

salif.kante.pro@gmail.com ◇ <https://github.com/SalifKante> ◇ www.kantes.me

OBJECTIVE

Experienced software engineer with over a year of expertise in both full-stack web development and data science, actively pursuing full-time or part-time opportunities in either of these domains.

EDUCATION

Ph.D in Artificial Intelligence and Machine Learning, TUSUR, Russia 2023

Master of Data Science and Engineering, University of Sfax, Tunisia - [FSEGS](#) 2020 - 2022

Relevant Coursework: Machine and Deep Learning, TALN, Advanced Programming, and Blockchain

Bachelor of Computer Science, University of Sfax, Tunisia - [FSEGS](#) 2017 - 2020

SKILLS

Full Stack Web Development: JavaScript (Node.js, React.js, Express.js), HTML, CSS, Bootstrap, RESTful APIs

Full Stack Web Development: PHP (Model-View-Controller) Pattern

Full Stack Web Development: Java (Spring Boot, React.js) RESTful APIs

Full Stack Web Development: Python (Django, Model-Template-View Pattern)

Data Science: Python (NumPy, Pandas, Scikit-learn, TensorFlow), Data Visualization (Matplotlib, Seaborn)

Machine Learning, Deep Learning, Statistical Analysis

Databases: SQL (MySQL, PostgreSQL), NoSQL (MongoDB)

Tools and Technologies: Git, GitHub, Docker, Kubernetes, Jupyter Notebooks, AWS

Agile Methodologies: Scrum

Strong problem-solving and analytical skills

EXPERIENCE

University Teacher Jan 2023 - Sep 2023
ECOSTAM-CEFTD *Bamako, Mali*

Data analysis intern Feb 2022 - May 2022
Perfaxis *Sfax, Tunisia*

- I have created dashboards using Power BI for time management for projects that Perfaxis are working on..

PowerBI Training by Orange Digital Center October 2021
FSEGS *Sfax, Tunisia*

Trainer at Data Intelligence Jan 2021
Data Intelligence *Sfax, Tunisia*

Trainer at Python Tunisia Sep 2021
Python Tunisia *Sfax, Tunisia*

Boot camp in AI and Big Data Aug 2021
DataCamp Training and Consulting *Sfax, Tunisia*

Web development intern Feb 2020 - June 2020
For Right Solution *Sfax, Tunisia*

- I have created a license management application with the java using SpringBoot framework for my graduation project.

PROJECTS

ECommerce Website Online shopping platform by using NodeJS, ReactJS and MongoDB for learning purpose

Rabota Job Finding website using PHP, Laravel for learning purpose

Company Blog Blog web site using Python, Django for learning purpose

Sentiment analysis on COVID19 vaccines using TALN and Deep Learning

CERTIFICATES

- CDOSS and DataCamp Training [cdoss](#)
- CDOSS Big Data Analytics With Hive Query Language and Beeline
- CDOSS Managing Big Data in Hadoop Cluster
- CDOSS Hadoop Cluster Installation and Administration
- CDOSS Machine Learning With Spark
- CDOSS Machine Learning With Python
- CDOSS Deep Learning With Python
